BOSS Oily Water Separators

Declaration of the Absence of Asbestos in the Manufacture or Packaging of Materials, Components, Products or Systems included in and offered for the ABS Type Approval Program

Company Name: H2O LLC.

The undersigned, recognizing that, in accordance with:

1. ABS Rules, all materials, components, products and systems offered for inclusion in the ABS Type Approval Program, must be suitable for installation on ABS classified vessels, facilities and Mobile Offshore Drilling units (MODUs) and that the ABS Rules now prohibit the installation of materials containing asbestos* on ABS classed vessels (both new construction and existing vessels),

2. International Maritime Organization (IMO) Resolution MSC.282 (86), adopting SOLAS Reg. II-1/3-5.2, the installation of materials containing asbestos* on all ships (both new construction and existing vessels) is prohibited after 1 January 2011,

3. the IMO MODU Code 2009, (which is intended to apply to mobile offshore drilling units the keels of which are laid or which are at a similar stage of construction on or after 1 January 2012), asbestos* is not to be used;

warrants that the aforementioned company has not and will not present a material, component, product or system containing asbestos* for inclusion in the ABS Type Approval Program.

A handwritten signature in black ink that reads "Matthew Adams".
